<p><b>Objectives and Evaluation</b></p> <p>Hours Per Week - 80 hrs/week            Lectures/Seminars - Yes            Outpatient - Yes            Night Call - Yes            Weekends - Yes            Exam Required - No</p> <p>EVALUATION - Students assigned to this rotation will be evaluated based upon the following aspects of performance:</p> <ul style="list-style-type: none"> <li>*Patient care</li> <li>*Participation in team rounds</li> <li>*Conference participation and presentations</li> <li>*Ability to work effectively as an integral member of the surgical team</li> </ul> <p>The Acting Internship (AI) in Orthopaedics at Inova Fairfax Hospital is designed to provide the 4th year student with a comprehensive experience in the diagnosis and management of patients with surgical and non-surgical disorders of the musculoskeletal system. This rotation will provide exposure to patients in the inpatient and outpatient settings, as well as the opportunity to participate in the operative management of patients. The AI will act as an integral component of the patient care team.</p> <p>The Orthopaedic Services at Inova Fairfax Hospital are organized in a "team" format. The team consists of a complement of mid-level orthopaedic residents and physician assistants. The team is involved in every aspect of patient care and functions under the direct supervision of members of the Attending Staff. Patient care duties will be assigned to the AI and directly overseen by the team members and the surgical attendings. The AI will be responsible for taking nighttime call with the team six times during the rotation.</p> <p>References:</p> <ol style="list-style-type: none"> <li>1. Orthopedic Secrets by David E.
