

Inova Loudoun Hospital Quality Compact

Inova Loudoun Hospital believes that excellent healthcare begins with accountability to our community. To be an accountable organization, with ongoing guidance and leadership from our board, we have taken the following actions that have been proven to positively influence hospital quality and safety performance:

- Monitor ongoing performance against the following groups of quality and safety measures:
 - Patient Infections
 - National Hospital Quality of Care Indicators
 - Patients' Satisfaction with their Care
 - Unplanned Readmissions to the Hospital
- Set aggressive goals for performance improvement and maintain focus on achieving them.
- Ensure that our organization's quality and safety performance continues to measurably improve over time.

We have adopted the practices listed above and will continue to share our results with the communities we serve.
